

Concrete Hoppers

Concrete Hopper - The self-dumping hopper accessory could automatically trigger to both unload and release as soon as the bumper release contacts the side of a dumpster. After unloading is finished, the hopper could go back to original upright and locked position. This piece of machinery even comes with a cable which enables operation from the seat of the lift truck in order to have the option of manually dumping the hopper. There is a locking chain provided so as to secure the hopper to the tine truck. This product is constructed with consistent and reliable robotic welds for utmost strength. The forklift dumping hopper even has a blue powder coat finish in order to maintain durability.
