Advance-Nilfisk Parts - Imagine how long and tiresome it would be to tidy up after a party, with no assistance from machines. Not too long ago, the dust from carpets and upholstery had to be beat out of them manually; brushes, cleaning cloths and brooms were the best cleaning products during that time.

The man who founded Nilfisk-Advance, P.A. Fisker, began as an electrical engineer who liked to work on electrical motors. After establishing his company during 1906, he started to produce motors to drive coffee grinders, fans, machine tools and drills. Mr. Fisker's dream from the start was to have a worldwide business marketing merchandise worldwide.

The Nilfisk C1 was a remarkable breakthrough for the cleaning trade. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and could be operated by one individual. This creation came in a time where other cleaning machines were very big and needed at least 4 operators, thus, the Nilfisk C1 transformed everything and developed the way we clean forever. The genius behind these very first cleaning machines remains unparalleled. Cleaning equipment provide an excellent solution to an ongoing dilemma; stuff get dirty and should be cleaned frequently, without too much effort.

Gradually, the business Nilfisk-Advance expanded all through the years. In the the early part of the nineteen eighties the company expanded fast when the company became a part of the NKT Group. With new owners on board, they concentrated on driving Nilfisk-Advance forward within the industry, aiming to be an active worldwide player in producing professional cleaning equipment. Nilfisk-Advance is presently located in all parts of the world due to steadily acquiring many smaller businesses to be able to develop their product portfolio and presence in new markets. They are really proud to offer a range of cleaning solutions to suit each requirement.
