

TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of every global trade. Transporting industrial goods occurs every day on our hectic world. Originally innovated as industrial vehicles in the 1930s in the U.S., lift trucks gained popularity after WWII in the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these machines spread globally.

First started as Toyo Carrier Manufacturing Company Limited, in 1949, the business was later renamed Toyo Umpanki Co. prior to becoming known as the TCM Corporation. Established by Mr. N. Niwa manufactured Japan's very first lift truck. Throughout the years, TCM lift trucks have become an international leader in forklift manufacturing and have built a solid reputation in the business. TCM started constructing lift truck manufacturing locations outside of Japan during the 1980s and is currently engaged in lift truck manufacturer at three foreign factories in the United States, Europe and China.

With over 50 years of accumulated technology and expertise, TCM has been proudly making several models of industrial forklifts, making their models recognizable all around the world. With an energetic and strong workers, TCM has been able to constantly work towards becoming a future leading material handling business.
