

Rockwell Parts

Rockwell Parts - The business of AxleTech International is a big supplier of specialty vehicle drive-train systems and components together with off highway vehicles. They take great pride in being a preferred supplier to their customer base. AxleTech strives to exceed and meet their customers' expectations for delivery, quality, service and technology. They believe in working within an atmosphere which supports the highest integrity with empowered teamwork, along with a unrelenting pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively applying principals of environmental safety and stewardship in how they do business. The business has put different programs in place so as to articulate these values within their business policy. AxleTech happily shares this policy and welcomes interested parties to provide them with whatever questions or comments, as they are glad to promote and share this policy with a greater understanding of their efforts. They are really devoted to preserving and improving the surroundings. AxleTech has an EHS program which not just protects the natural world but which also actively protects their neighbors and staff too.

AxleTech specializes in the manufacture and designing of planetary axles used for both military and commercial applications, which could include anything from construction equipment to airport ground support. They take great pride in being an innovative drive-train solutions provider also. AxleTech particularly designs axles to meet specific application demands. They have more than 1000 different axle specs in their existing offering. With over 100+ years of history and skill, AxleTech proudly supplies the most complete solution for any of your axle needs. The company is well known in many commercial and military applications. They offer complete axle assemblies used for aftermarket replacement needs, together with servicing axle needs for OE production. Their high mobility ISAS have further details which could be seen in the "ISAS" product collection.
