

Rotator for Forklift

Forklift Rotator - There are different applications available for lift truck attachments. For example, the lift truck rotator could help moving, rotating, and lifting barrels and drums. Other accessories could be used to lift cartons and carpet rolls, for dumping sand or waste materials. A few of the most commonly used forklift accessories are the fork positioner, rotator, clamp, and side shifter attachments. These tools come in various sizes to fit a variety of forklift units. They are meant to hold really heavy things and are an advantage to many warehouse and factory environments.
